

February 2012

University of North Dakota

Sometimes the weather can be mild enough to get outdoors and enjoy building a snowman or even a game of touch football. February also features Greenway Ski Days and Winter Fest, where you can try cross-country skiing, snowboarding, sledding or other winter activities. For more ideas about outdoor winter recreation contact www.greenwayggf.com or www.visitgrandforks.com

WHAT YOU CAN DO DURING SNOWSTORMS

- Deposit snow into your yard or berm (between curb and sidewalk) – not into the street or near storm sewer drains.
- Park off the street to give plows clearance.
- Stay at least 50 feet behind equipment for your safety.
- Limit your travel during storms.
- If you must be out, reduce your speed and allow extra time to travel.
