

May 2012

City of Grand Forks

May brings graduations, green grass, the planting of gardens and trees and most of all – peace of mind. The City of Grand Forks is protected by a \$412 million flood protection system that helps keep our homes, businesses and families safe from floodwaters of the Red River. The system, which includes a series of levees, floodwalls, pump stations and diversion channels was certified by the US Army Corps of Engineers in 2007. Since that time, it has protected Grand Forks from the third and fourth highest flood levels in history.

May features the City's Electronic Recycling Event – the chance for households to safely recycle electronic devices like computers, TVs, stereo equipment, cell phones and more – for free. That's followed by Spring Clean Up Week, when the city collects appliances, brush, furniture and household items – also for free.

SPRING CLEAN UP WEEK IS MAY 7-11
 The City will collect reasonable household quantities of appliances, brush, furniture, etc. for free during this annual collection. The process is simple - put your items out on your refuse day where you normally place your garbage by 7:00 a.m. and the City will take them. If you choose to haul them yourself, the landfill has extended hours from 7:00 a.m. to 7:00 p.m. from May 5 - May 12 (except Sunday, May 6th).
