CONDITIONS FOR CURB CUT FOR SUMP PUMP DISCHARGE

The undersigned property owner at _____ understands and agrees to the following conditions:

1. The property owner will be responsible for all design operation and maintenance of the system.
2. The property owner will submit for review the planned construction.
3. The plan will incorporate the following items:
 - a. Maximum size discharge at curb shall be 2" diameter.
 - b. Incorporate a "failsafe" design so no damage can occur due to backflow or freezing.
4. Any damage to the curb during installation and any future maintenance of the curb shall be the responsibility of the property owner.
5. The owner understands that a substantial possibility exists that the discharge line will freeze shut during frozen ground conditions.
6. You may be asked to discontinue discharging into the streets during freezing conditions.
7. Normal snow removal operations will not be changed due to the installation of this discharge.
8. Repair of damage to this line caused by authorized excavation in city easements or right-of-way, will be the responsibility of the property owner.
