**Subject:** Re: Grand Forks Indoor Sports Facility and Indoor Aquatic Facility Update

Thank you for the update, Todd. I have a school board Policy Committee meeting today/tonight so I won't be present.

**It is worth noting that the school district stands ready to partner in an affordable lease agreement that would provide opportunities for teams consisting of: swimming, softball, soccer, baseball, & track (and golf?) in addition to our already strong Park District relationship via hockey among other outdoor sports. I am comfortable if you orally share the school district's support for both aquatics and turf.**

Thank you,

**Terry**
