Subject: Re: Grand Forks Indoor Sports Facility and Indoor Aquatic Facility Update

Todd,

Do we need to attend in person or can I just send you something about GF Youth Football being in support of this indoor facility? I truly believe once it is built, it won't take long for the realization that an addition will need to take place. There is a huge desire for youth sports and the growth is not going away any time soon.

Thanks,

Paul Strande

Greater Grand Forks Youth Football Executive Director
