Comments:	<p>I would like to advocate for the inclusion of basketball courts as part of the Altru Sports Complex. This would not only add to the diversification of the complex in terms for the activities offered in the space, but would provide a much needed addition of court space within the city of GF. Currently the only public spaces available for youth or adults to play basketball are at the YMCA and Choice - three courts in total. That is a low number. In addition, basketball courts in the Altru Complex also fill a void in the western side of the city, allowing access to the youth who live there and do not have reliable transportation to the Y or choice. I appreciate you consideration of the additional basketball courts at the new complex.</p>

Agenda Item Number / Topic:	5.11 Altru Sports Complex - Basketball Courts
Comments:	Please consider adding basketball courts to the complex. Almost all available basketball courts are owned by the GF School District. Availability of these courts is very limited due to school programming. By adding courts to the Altru Sports Complex it will allow greater access for youth basketball players as well as volleyball players. Thank you for your work on this exciting community project.
