Subject: Vote NO on rezoning of Ray Richards golf course

Due to a leg injury I am unable to attend Monday's council meeting.

Vote NO on rezoning Ray Richards golf course.

1. More apartments (167) are not needed and no guarantee that more will not be built in the future
2. Suite Shots will take away from the locally owned Albatross Indoor Golf- should support local businesses that are here.
3. Golf team will have storage and still practice at Kings Walk. I don't see the advantage.

It is disappointing when Grand Forks citizens are surveyed and then their opinion means nothing as the developers in town always get their way.

VOTE NO.

Kathy Ashe

PLEASE PLEASE do not approve the rezoning for the Ray Richards/UND project. We are extremely disappointed that this is happening as it will greatly impact our property, property taxes & valuation, our streets, our density, the traffic, noise, and overall 'residential area' of our 34th Street South.
