Consistency with 2050 Land Use Plan

Request and proposed land use aligns with the following:

- Economic Development, Goal 1, Objective B: “Reinvent underutilized commercial space in the community to take advance of the highest and best use.”
- **Columbia Mall was included in the 2050 Land Use Plan as an Activation Site and area of prioritization. A conceptual rendering of the redevelopment of the mall was included on [page 42](#) (page 49 and 50 of pdf file).**

Background and Discussion

- This rezoning request is to amend the Day-Hud PUD to allow for general business district B-3 uses. The current zoning limits the allowable uses to the B-2 Shopping Center + Private school District uses.
- The owner is seeking the broader scope of uses B-3 permits in order to help in recruiting efforts for the space. The former Macy's business closed a number of years ago and the space has remained vacant since.
- **The owner is exploring a wide range of opportunities including a similar development that they undertook on the former Kmart (Grand Cities Mall) site where there are self storage units hidden behind smaller depth retail storefronts.**

- **This former anchor to the mall is subject to a private real estate agreement with the rest of the mall properties until its expiration. Staff has not confirmed expiration date of the current agreement but is of the understanding it will expire in the near future.**
- Staff is recommending approval of the rezoning request.

- Final Action by City Council requires super majority approval.
