

FORMAL BID PROTEST AND REQUEST FOR COUNCIL ACTION

TO: Mayor Brandon Bochenski and Members of the Grand Forks City Council
255 N. 4th Street | Grand Forks, ND 58203

FROM: LucentHD LLC
7251 S 42nd Street | Grand Forks, ND 58201

DATE: March 3, 2026

RE: Formal Bid Protest and Request for Council Action — Alerus Center Scoreboard Project
Project Value: \$3.8M – \$4.5M in Public Funds
This letter is simultaneously filed with the ND Attorney General, ND State Auditor, and ND OMB State Procurement Office

OPENING STATEMENT

Mayor Bochenski and Members of the Grand Forks City Council:

We write to you as a Grand Forks company, owned by Grand Forks residents, asking the City Council to do what the City of Grand Forks is required by law to do: open this project to fair, public, competitive bidding before \$3.8 to \$4.5 million in taxpayer dollars is spent.

LucentHD LLC is a Grand Forks-based LED display and audiovisual integration company. We have delivered projects at some of the most prominent arenas and stadiums in North America. Through our predecessor company IconHD, we have worked at the Alerus Center itself. We were ready, willing, and qualified to compete for this contract. We were never given the chance.

Instead, on February 26, 2026, we were informed in writing by the Alerus Center's General Manager that Daktronics, an out-of-state company based in South Dakota, had already been selected — through a cooperative purchasing vehicle called Sourcewell — with no public RFP, no public notice, and no competitive process. **This is not how North Dakota law permits a city to spend \$4.5 million of public money.**

We are bringing this to the Council before the contract is signed because the Council has the authority — and the responsibility — to correct this now, at no cost to the City, simply by directing that the project go through a proper competitive bid process as the law requires. If the contract is signed and work begins, that opportunity will be gone.

We want to be clear: this is not a complaint about Daktronics. They are a legitimate company. This is a complaint about a process that cut local businesses — and Grand Forks taxpayers — out of their rights under North Dakota law.

WHAT NORTH DAKOTA LAW REQUIRES

Two statutes are directly on point:

NDCC Chapter 48-01.2 requires that any public improvement project exceeding \$250,000 — including construction, renovation, or improvement of a public building or

facility — must be publicly advertised for bids for three consecutive weeks and awarded through a formal competitive bidding process. The City of Grand Forks, as a political subdivision of the state, is bound by this law.

NDCC § 54-44.4-13 and the ND Office of Management and Budget's own published cooperative purchasing guidance state explicitly that cooperative purchasing contracts **cannot be used for public improvements** governed by NDCC Chapter 48-01.2. Sourcewell is a cooperative purchasing organization. Its use here is not a valid alternative to competitive bidding — it is a procurement method North Dakota law prohibits for this type of project.

A \$3.8–\$4.5 million permanent LED display system installed inside a city-owned arena is a public improvement by any reasonable reading of the statute. This project required competitive public bidding. That did not happen.

WHAT HAPPENED

No Public Process Was Ever Conducted

LucentHD was aware of the upcoming project and in active communication with City officials trying to determine when an RFP would be issued so we could participate. No RFP was ever issued. No public notice was ever published. No competitive bid process of any kind was ever conducted.

We Were Told Directly — In Writing — That There Would Be No RFP

On February 26, 2026, LucentHD contacted Anna Rosburg, CVE, District General Manager of Oak View Group at the Alerus Center. Her written response was unambiguous:

"Yes, Daktronics has been selected by the Event Center Commission. It will not be going out for RFP as Daktronics was selected through Sourcewell." (Exhibit A)

This is the City's own facility manager confirming, in writing, that a \$3.8–\$4.5 million public contract was awarded without a public RFP, and that the reason is the use of Sourcewell — a procurement mechanism that cannot lawfully be used for this project under North Dakota law.

A Vendor's Employees Were in the Room When the Vote Was Taken

The official Grand Forks Events Center Commission meeting minutes from January 28, 2026 reveal that two Daktronics employees — Matt Warnke and Chris Tieszen — were listed as "Guests" and were present in the room during the meeting at which the Daktronics proposal was presented and voted upon. (Exhibit B, page 4 of 12)

We raise this not to make accusations, but to ask a straightforward question the Council should ask itself: was the Commission's decision made independently, with the public's interests as the sole consideration, while the winning vendor's representatives sat in the room?

A Private Company Recommended the Award — With No Competing Options

The meeting minutes show that Derek Hoffert of Oak View Group — the private management company that operates the Alerus Center under contract — presented the Daktronics proposal to the Commission and guided their discussion on how to spend the budget. No competing vendors were presented. No alternative proposals were

evaluated. The Commission voted unanimously to award the contract based entirely on a presentation by a private contractor recommending a pre-selected vendor.

Oak View Group is not a public body. They are a private company. The decision to commit \$3.8–\$4.5 million in public funds to a specific vendor should not rest solely on the recommendation of a private management contractor — especially without the independent price validation that competitive bidding provides.

WHO WE ARE — AND WHY THIS MATTERS LOCALLY

LucentHD LLC is a Grand Forks company. Our owners live here. We pay taxes here. Our employees live and work in this community. We were built to compete for exactly this kind of project.

We have successfully delivered LED display systems at some of the most high-profile venues in North America, including:

- Levi's Stadium — San Francisco 49ers
- LA Dodgers Stadium
- MetLife Stadium
- Vancouver Canucks arena, Vancouver, Canada
- Orlando Magic — Kia Center
- Chicago Blackhawks, Houston Rockets, Cleveland Cavaliers
- Alerus Center, Grand Forks, ND — completed by our predecessor company IconHD

We are not a startup seeking our first project. We are an experienced company with a track record at this exact type of venue — including this exact facility. A fair, competitive bid process would have given the City an independent benchmark, a local option, and the assurance that Grand Forks taxpayers received the best value available.

Instead, Grand Forks residents are being asked to spend up to \$4.5 million with no competitive basis for knowing whether that price is fair — and a local company that was fully qualified and ready to compete was shut out entirely.

SUMMARY OF LEGAL ISSUES

Issue	Applicable Law
No public RFP, no public notice, no competitive bidding	NDCC Chapter 48-01.2
Sourcewell cooperative purchasing used for a public improvement — explicitly prohibited by state law	NDCC § 54-44.4-13 & OMB Guidance
No public advertisement of the project	NDCC § 48-01.2-04
No written sole-source justification published	NDCC § 44-08-01
Private management company (OVG) directed a multi-million dollar public procurement	Fiduciary / oversight concern
Vendor employees present during the award vote	Integrity / conflict concern

WHAT WE ARE ASKING THE COUNCIL TO DO

We are asking the Grand Forks City Council to take the following actions before this contract is executed:

1. **Direct that the Alerus Center scoreboard project** be re-procured through a proper competitive public bid process in compliance with NDCC Chapter 48-01.2, with public advertisement for a minimum of three consecutive weeks.
2. **Rescind or withhold approval** of any contract with Daktronics, Inc. for this project until a lawful competitive bid process has been completed.
3. **Direct City staff to provide the Council** with a written legal opinion on whether the use of Sourcewell for this public improvement project complies with NDCC Chapter 48-01.2 and NDCC § 54-44.4-13.
4. **Review the City's management agreement with Oak View Group** to clarify the scope of OVG's procurement authority over public improvement projects funded with City money.

We recognize that the Events Center Commission acted in good faith and that no one may have intended to violate the law. We are not asking the Council to assign blame. We are asking the Council to ensure that \$4.5 million in public funds is spent through the lawful, transparent process North Dakota law requires — a process that protects taxpayers, gives local businesses a fair shot, and ensures the City gets the best value for its money.

Time is of the essence. Once a contract is signed and construction begins, the ability to remedy this is gone. The Council has the authority and the opportunity to correct this now — simply by requiring the competitive bid process the law has always required.

NOTE ON PARALLEL FILINGS

We want to be transparent with the Council: this letter is being filed simultaneously with the North Dakota Attorney General, the North Dakota Office of the State Auditor, and the ND Office of Management and Budget State Procurement Office. We have taken this step because the law is clear, the stakes are significant, and we believe the appropriate state oversight agencies should be aware of this situation.

We genuinely hope the Council will act to resolve this locally and promptly. A decision by the Council to require competitive bidding would render the state agency filings unnecessary and would demonstrate exactly the kind of commitment to fiscal accountability and fair dealing that Grand Forks residents deserve from their city government.

EXHIBITS

Exhibit A: Email from Anna Rosburg, CVE, District General Manager, Oak View Group / Alerus Center, dated February 26, 2026, confirming Daktronics was selected through Sourcewell without an RFP.

Exhibit B: Official Meeting Minutes, Grand Forks Events Center Commission, January 28, 2026, including Roll Call listing Daktronics employees as guests and the Scoreboard Project Review section documenting the presentation and unanimous vote to award.

Respectfully submitted on behalf of LucentHD LLC, Grand Forks, North Dakota.

Re: Alerus Scoreboard project

Hi Larry,

Yes, Daktronics has been selected by the Event Center Commission. It will not be going out for RFP as Daktronics was selected through Sourcewell.

Thank you,

Anna Rosburg, CVE

District General Manager

Some people who received this message don't often get email from larry.attorney@outlook.com. [Learn why this is important](#)

I have a query regarding the upcoming Alerus Center scoreboard project. I was unable to attend the Event Center Commission Meeting earlier today. I guess my general question is when and if this project is going to go out for bids. I do work for a client very much interested in

I note the past Minutes from prior meetings discuss a "base bid" with Daktronics. Have they

MINUTES

Grand Forks Events Center Commission

Wednesday, January 28, 2026 | 12:00 pm
Meeting Room 12

Call to Order: Jarrod Spoor called the meeting to order at 12:03pm

Roll Call

Present: Jarrod Spoor, Russell Kraft, Greg Rixen, Ken Vein, Scott Foyt, Matt Fischer, Irene Halbritter, Julie Rygg, and Bill Chaves

Alerus Center: Anna Rosburg, Derek Hoffert, Allen Hess, Dominick Washington, Breanne Sypherd, Andrea Wegener, Matthew Ternus, AJ Heath

Guests: Todd Feland, Maureen Storstad (City of GF), **Matt Warnke & Chris Tieszen (Daktronics)**

We have a quorum.

Consent Agenda

The minutes from the last Commission Meeting on December 17, 2025, were reviewed and approved.

A motion was made by Matt Fischer to approve the minutes; seconded by Greg Rixen
Motion passed unanimously.

November & December Financials

Anna recapped that November was reviewed at the last meeting but not approved.

For December there were 32 events on a budget of 34 for the month with a total event revenue of \$382,966 of a budgeted \$727,029 resulting in (\$344,063) unfavorable to budget. Total Event Gross profit was \$108,227 on a budget of \$293,349, which was unfavorable to budget by (\$185,122). Total Gross Profit for the month is \$268,389 on a budget of \$356,940 for an unfavorable variance of (\$88,550). Indirect expenses for the month were \$491,616 on a budget of \$421,144 which made it (\$71,473) unfavorable to budget. Net operating income for the month was (\$223,227) on a budget of (\$63,204) which resulted in an unfavorable variance of (\$160,023) for the month. For the year we've had 319 events on a budget of 320. Total event revenue was \$6,964,746 for the month with event gross profit at \$2,459,803 on a budget of \$3,785,430 resulting in an unfavorable balance of (\$1,325,626). Total gross profit for the year was \$4,401,530 on a budget of \$4,540,397 resulting in an unfavorable balance of (\$138,868). Net Income for the year was (\$784,124) on a budget of (\$501,321) resulting in an overall loss of (\$282,803). AR shows 17% in over 90 days but the outstanding 30-60 days is coming in now and clearing itself up. AP is at 88% in the 30-60 days but there are 4 big accounts that make up that but are paid being paid now. The balance sheet shows assets and liabilities in line at \$3,867,490.

A motion was made by Scott Foyt to approve the December Financials; seconded by Ken Vein
Motion passed unanimously

By-law Review

Brief discussion regarding the suggested changes to the current bylaws concerning the position of secretary and past chair. Small discussion regarding the wording and duties of the positions.

*Motion was made by Matt Fischer to accept the recommended changes; seconded by Greg Rixen
All voted in favor of the motion, Scott Foyt voted against the motion
Motion passed.*

Commission Officer Election

Short discussion on the people interested in positions and reached out via email to Anna on the positions that they were interested in.

*A motion was made by Irene Halbritter to nominate Greg Rixen as Chair; seconded by Russel Kraft
Motion passed unanimously.*

*A motion was made by Scott Foyt to nominate Irene Halbritter as Vice-Chair; seconded by Matt Fischer
Motion passed unanimously.*

*A motion was made by Scott Foyt to nominate Jarrod Spoor to stay on a past chair; seconded by Irene Halbritter
Motion passed unanimously.*

Scoreboard Project Review

Derek began with noting the action items today are to decide what will provide the best “bang for the buck” for the scoreboard project. The base bid from Daktronics comes in at approximately \$3.8 million and includes a one-for-one replacement of the main center board, secondary boards, and ribbon board. However, because the project budget is \$4.5 million, there is flexibility to enhance the system rather than simply replace it. The primary upgrade options focus on expanding the main board in the center of the north and south walls (from roughly 60 feet wide to 80 feet, or up to 100 feet in the largest configuration), extending the ribbon board farther horizontally towards the bridge decks, and adding new digital elements such as column signage and “vomitory” signage above arena portals. The system would allow full customization, integration with existing Daktronics software, and remote-control capability, increasing flexibility for events and sponsorship activation.

From a value perspective, the strongest consensus leans toward maximizing the size and impact of the main center board. Expanding the primary display provides the greatest visual “wow factor,” enhances guest experience for major events, and offers flexible sponsorship opportunities without overcomplicating the layout. While add-ons like vomitory signage and additional column boards create more sellable advertising space, their measurable ROI is less certain and may not deliver the same impact across the majority of events. The recommended direction is to prioritize the largest and most impactful center board configuration possible within budget, then the scoreboard committee will evaluate remaining funds for the most strategic supplemental enhancements.

A motion was made by Matt Fischer to approve the base bid as presented and to authorize the selection of one alternative from Options 1 through 6, together with any additional Alternatives 7 through 20 that can be accommodated within the approved project budget, provided all required obligations and responsibilities are maintained; seconded by Irene Halbritter.

Motion passed unanimously

Management Reports

- a. Executive – OVG GM conference for senior leadership next week in Pasadena. Touring market is rough for 2026, possible new announce in April for a show but nothing major for the time. For Sales we had 32 events in December, 57 event days, 12 to dark days. And 318 events for the year 501 event days and 117 dark days due to the renovation. Working with

- F&B to revamp the menu and launch that in June. For 2026, currently 196 booked events with a goal of 360, 54% for the year already and 102 events in the next 90 days.
- b. Finance – wrapping up 2025, starting budget for 2027, new person hired for AP.
 - c. Operations – Curtailment (switch from natural gas over to fuel) ongoing since the 21st, going on 8 days now. 1000 gal of fuel a day. We fill in 5K increments, unprecedented length of time, at the mercy of Xcel Energy who dictates when they start and end.
 - d. Food & Beverage – Robotics was successful for concessions. Sugar beet & Dry Bean expo went well and prepping for Happy Harry’s Pork and Brew.
 - e. Partnerships – Closed out 2025 favorable to budget both corporate and building side. Selling events now, Happy Harry’s Pork and Brew this weekend, crop expo next month, advertising up. Renewals coming up this summer, including Hugo’s raceway and extending the lease with Red River BMX.
 - f. Marketing – Closing out Happy Harry’s Pork & Brew, PBR. Ramping up marketing for Crop Expo, Happy Harry’s Pork & Brew ticket sales continue trending they will be on par with last year’s show. Mathilda from the ad will be attending. Harlem Globetrotters and Monster Trucks are coming up. Facebook followers are over 50,000. Exploding trees ad was a good bump for PBR. Derek topped Facebook likes, Anna now in top 3. Lots of folks entered the 25 days of Alerus – more entries than Big Ticket
 - g. Conference Sales – Anna reported in Executive.
 - h. Events – Trade show season, Matty just finished Sugar beet and Dry bean expo. Matty will be going on maternity leave in May.

Committee Reports

- a. Finance & Renovation – 2026 Capital review – first look at the budget in CIP. Scoreboards and elevator projects are coming up this year. Washers and new computers are under budget. Long range plan is available for viewing.
- b. Visit Greater Grand Forks – Julie left and Anna presented – Board meeting last night and event funding meeting this morning. They turned down non-economic impactors but are focusing more on sports and conventions to accommodate the new Altru Sports Complex. Occupancy was up in Grand Forks last year while down around the state. New brochures out for the city.
- c. UND – Bill left early.

Adjournment

***A motion was made by Greg Rixen to adjourn; second by Russell Kraft
Motion passed unanimously.***

Meeting adjourned at 1:38pm

Respectfully submitted,
AJ Heath, Office Manager

Jarrold Spoor,
GFECC Chair

ALERUS CENTER

2026 Conference Center Event Breakdown (Nature of Event)

Meetings

- Large : 100+ attendees
- Small: 99 and fewer attendees
- Content Focused • Can be multi-day

Banquets

- Large: 320+ attendees
- Small: 319 and fewer attendees
- Food/celebration focused • Single day event

Weddings

- A reception/ceremony for two people celebrating a wedding

Conventions

- Multi-day event that is content focused
- Typically has advanced registrations
- Is private
- Typically involves hotel stays
- May or may not have tradeshow booths

Tradeshows

- Vendor Booths
- Private
- No content or meetings

Consumer Shows

- Large: takes place in the arena or in the parking Lot
- Small: takes place in the meeting rooms and/or ballrooms
- Open to the public
- Tickets may or may not have a price point
- Vendors booth selling or marketing
