Consistency with 2050 Land Use Plan

Request and proposed land use aligns with the City's 2050 Land Use Plan.

Background and Discussion

(Same background for plat and rezoning)

- This plat coincides with the Crary 2nd PUD Amend 7 rezoning request.
- The plat is requested by CPS, Ltd. on behalf of Crary Properties. The purpose of this request is to plat 12 new lots for a new development of single family attached units. The lots will be R-2, as is currently planned but the rezoning item will address the 5ft sideyard setback requests (previously approved elsewhere in the neighborhood). The plat and rezoning reflect the desire for David Drive to not continue south. This street and planned right of way change have been evaluated to ensure utilities can still be appropriately delivered and traffic patterns can still operate efficiently.
- Staff is recommending approval.
